

A Complete View of You

RateMyAgent can easily integrate all of your reviews in one place, and we can help you tie them directly to the transaction for extra credibility. Not only will you have a comprehensive view of your work, this gives you a powerful SEO boost.

Our system automatically pull reviews from these platforms:

- RealSatisfied
- Zillow
- Realtor

Verify reviews from:

- GoogleMyBusiness
- Any other reviews from any other platform!

A Complete Digital Marketing Solution

RateMyAgent makes it easier than ever to create valuable content that highlights your business. You've earned great reviews, so put this verified feedback to work.

Social Media Manager: automatically share reviews, listings and sales with your business account followers. Facebook, Twitter, and LinkedIn are free and Instagram and Google are Digital Pro

Website Widget: flow new positive reviews directly to your domain to keep page content fresh and up to date.

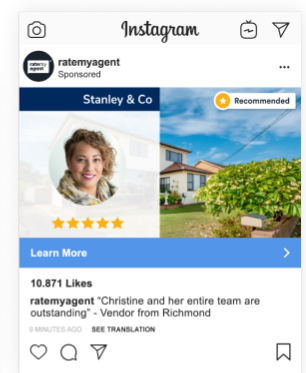

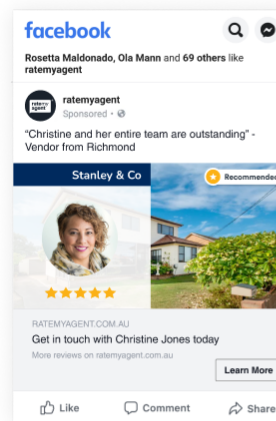

GoogleMyBusiness: integrate with Google to add your recommendations to both the reviews and updates section of the knowledge graph on the search engine results page.

Promoter: highly targeted 3-click digital advertising leveraging both the Facebook and Google ad networks, to get your reviews in front of potential clients.

Market Report: rich, data-driven property reporting that ties relevant reviews to the address. Wow your client by sharing who and what you know about the area.

Video Testimonials: instant, value-driven video based on your review data.

Sold-Selfies: add personal context and that human touch to your profile with pictures of happy clients to demonstrate your brand and personality.

POWERED BY

“ Finally, a solution for aggregating client reviews from a variety of platforms in to one space. Additionally, RateMyAgent provides tools for systematically getting the reviews messaged out. Key to brand building, it helps with SEO by providing another high ranking link with positive information about my business.”

A Complete Team View

RateMyAgent understands the challenges of teams and brokerages when it comes to telling your story. Our team/office solution displays everyone's reviews in one place.

- Your team is better together and so is the power of pulling your entire team's reviews together.
- Finally, a chance to acknowledge every member of the team for their excellence.
- Tell a more complete story of what it's like to work with you.
- Extend digital marketing dollars by creating one strong voice.

Get all your reviews in one place

Build your digital footprint with past and present reviews that build trust and bolster your credentials.

Put your great reputation to work

Power up with digital marketing tools designed to showcase your experience and drive in referrals.

Build trust and tell the whole story

Through verified reviews, give potential clients context, transaction details and a window into how you really work.
